## The Center of Traditional Culture

### \_The Heart of Seoul

Yonsei University is located in the center of the capital city of South Korea, Seoul, where you can witness a variety of traditional Korean culture. In addition to Korea's first Western health institution, Gwanghyewon which is located within the university, there are other nearby sites where you can experience traces of the 500-year history of the Joseon Dynasty, such as Deoksugung, Changdeok-gung, and Gyeongbok-gung. These sites are located only 15 minutes away from campus so that students may easily seek out these opportunities to experience Korea's traditional culture. The New York Times selected Seoul as one of the top three "must visit" cities of the world.

## The Center of Youth Culture

### \_Sinchon

The Sinchon area around Yonsei campus is home to one of the most vibrant and exciting college towns in Seoul. With a rich array of facilities and activities, Sinchon creates a unique culture of its own and attracts young population from around the city and around the country. This is where one can mingle the youth of Korea.
